STRAWBERRIES, PEAS, CHERRIES ON MART TODAY

Home-grown strawberries made their first appearance on the Farmers' Market today, selling for 50 cents a quart. Favorable weather for the last week brought two other "firsts" to the market today—new peas and cherries. The peas, in limited quantity, sold quickly at 30 cents a quart box, unshelled. Oxhart cherries were 40 cents a quart.

Beginning next Tuesday, market will be held twice a week, on Tuesdays and Saturdays. Farm produce is now ready in sufficient quantities to justify two market days per week, farmers said.

Rhubarb sold on the market this morning for 10 and 15 cents a bunch. Lettuce was 10 and 15 cents a quart box and spinach brought from five to 10 cents a quart, and 25 cents a quarter peck.

Peonies On Sale

Watercress was 10 cents a quart box, onions 10 cents a bunch, and radishes, white and red, ten cents a bunch.

Peonies, in season now, were plentiful on the market today, bunches of them selling for various prices, mostly about 25 cents. Some sold for five cents each. Other bunches of flowers sold for 10 cents a bunch. Tomato plants brought 15 cents a dozen, or $1 per hundred.

The price of eggs today ranged from 50 to 54 cents a dozen. Chickens were 60 cents for roasters and 65 cents a pound for fryers. Butter was unchanged at 70 cents a pound. Cured ham sold for 90 cents a pound and bacon for 65 cents a pound.

Other prices remained unchanged. Sweet cream was 35 cents a pint; cottage cheese 40 cents a quart and potato salad 40 cents a quart. Pies were 15 cents each for small ones and 40 cents for large.

TWO SLIGHTLY HURT IN PAIR OF ACCIDENTS

State police Friday investigated two accidents on the county's highways.

Cars driven by Gertrude Latham Dunne, Daytona Beach, Fla., and Joseph Thomas Constantine, York, crashed two miles south of here at the Lee-Meade inn and cars operated by Guy W. Reachard, Spring Grove R. 2, and Sell G. Fidler, Aspers R. 1, smashed two miles north of Cross Keys on the Hanover-York Springs road.

There were two minor injuries. Constantine suffered a brush burn of the knee and Fidler suffered a laceration under the chin and bruises of the shins and knees.

The Dunne-Constantine smash-up occurred when Miss Dunne attempted to turn into the driveway at the Lee-Meade inn while driving north. Constantine, going south, applied his brakes when he saw the Dunne vehicle turning left and attempted to avoid it. Miss Dunne then stopped on the road and Constantine, attempting to turn into the driveway himself to avoid a crash, skidded into the other vehicle. Dam-

PLANK TO MAKE LOCAL SURVEY

Wilbur L. Plank, former army colonel who today is opening an engineering office in Gettysburg, will make the preliminary survey concerning what will be needed and the proper location for a public rest room in the community.

Engineer Plank made the offer Friday evening at a meeting of the Gettysburg Improvement Association held in the Chamber of Commerce office and his offer was accepted. He will make the survey free of charge as a donation to the community, Plank added.

A committee to study the problem of a public rest room and to attempt to find some way to raise the money needed to construct such a convenience was appointed but the names of the committee members were not revealed pending acceptance by all concerned.

A commemorative committee was also named, but names again were not revealed until after acceptance by those suggested as members. The commemorative committee will be asked to set up plans for annual observance of July 1, 2, and 3, dates of the battle here and lay plans for the observance of the sesqui-centennial of the county's establishment in 1950.

Important meeting of Arendtsville Fire Company, Tuesday, June 10th, 8 P. M. All members are urged to attend.

Fairfield To Send Most Pupils Here

Fairfield will send most of its 25 high school students to Gettysburg high school this fall, Harry E. Brown, president of the board, said today.

With the closing of the school, parents of the students who will go to high school were asked their preference of a school at which their children could receive their secondary education. Gettysburg and Washington township were the two selected. It is believed, Mr. Brown said, that transportation can be provided to both schools, although final arrangements have not been completed.

LOAN VOLUME IS INCREASING AT COUNTY LIBRARY

Directors of the Adams County Free Library association heard reports at their June meeting Friday evening of one of the busiest months in the history of the library.

Reports submitted by Miss Kathryn Oller, county librarian, showed 13,956 book loans were made in May —topping the average for the first five months of the year. The 1947 volume of loans at the library is well above that for 1946, the first year the library was operated. Book and magazine loans to June 1 this year total more than 61,000.

The month of May also saw nearly 200 books added to the library collection; a new book station opened at Caledonia Manor in Franklin township along the Lincoln highway, and nearly 100 additional countians registered as regular borrowers from the library.

To Add Helper

In addition to distributing books from the main library here, the library association serves 95 school stations, four branch libraries in county towns and 14 book stations in rural areas, Miss Oller's report showed.

The librarian told the board of the "desperate need" for additional help at the library and after a discussion the board directed that one full-time assistant be secured to take the place of the several tem-

CHILDREN WILL LEAD IN SERVICE

The Christ Lutheran church Children's Day service will be held Sunday morning at 10:45 o'clock using the theme "We Are in His Hands."

The program includes the processional hymn, the call to worship by Ellen Rice, prayer by Sammy Long; hymn, "This Is My Father's World," by the children; song, "And God Said," by the beginners; exercise by Joan Kuhn, Penny Steckel, Louise Collins, David Schmidt, and Ann Armor of the Primary department; song by Carolyn Putman, "Jesus Lord, I Look to Thee."

The appeal on behalf of the Nations will be made by Ann Fortenbaugh for Finland, Jane Donley for China; Phelps Pennington for France; Kathryn Putman for India; Billie Mae Shealer for Greece; Betty Snyder for Japan; Peter Baughman for Germany, and Martha Laning for England.

The Call of the Nations will be answered by Carolyn Putman, Jane Reuning, Richard Pennington, Peggy Long, Betty Pennington, Rolf Johnson, Jane Warren and Peter Pennington.

A special offering will be received for the Loysville Orphans' home. The committee in charge consists of Mrs. Clair Donley, Mrs. Dwight Putman and Mrs. Lloyd Keefauver.

Rev. Hanson Accepts Call To New Charge

The Rev. T. Painter Hanson, son of Dr. and Mrs. Henry W. A. Hanson, college campus, has accepted the pastorate of the Easton-Cordova parish on the Eastern Shore, Maryland. The charge consists of Grace Lutheran church at Easton and St. Paul's Lutheran church, Cordova.

For the last 31 months the Rev. Mr. Hanson has been pastor of St. Stephens Lutheran church, Baltimore.

To Conduct School For Police Officers

Borough Solicitor Eugene V. Bulleit will conduct a school for borough police officers one night a month, beginning Monday night, June 16.

The school will run, according to a notice posted at police headquarters by Chief of Police Robert C. Harpster, until it has completed a review of the Pennsylvania criminal law and criminal procedure.

Attorney Bulleit's topic for the first session of the school on June 16 will be "Legal Definitions." All borough police officers are expected to attend.

DAR CONGRESS REPORTS GIVEN LOCAL CHAPTER

"A strong stand against threatened changes in immigration laws" was taken by the Daughters of the American Revolution at the recent Continental Congress in Washington, according to reports made at the meeting of the Gettysburg chapter held Friday afternoon at the home of Mrs. Edgar Deardorff, Carlisle street.

Other resolutions adopted by the fifty-sixth Congress included indorsement of the United Nations program and universal military training, approval of world organization and cooperation providing it does not mean world government, a warning against deliberate misrepresentation of American history and government in the schools, approval of measures for "just and adequate compensation" for teachers and a commendation of the Motion Pictures association for creating the Children's Film Library.

Aid Girl Scouts

Mrs. Mark K. Eckert, regent, Miss Alice Black and Mrs. C. H. Hett attended some of the sessions of the Congress and gave their reports. Mrs. S. F. Snyder read the report of Mrs. Hett who was not present Friday: Mrs. C. E. Bilheimer, a Pennsylvania state director, also attended the sessions in Washington and told local chapter members of the procession and installation of the newly-elected president-general, Mrs. Roscoe O'Byrne, and her cabinet officers. Other news accounts were read by Mrs. H. D. Hoover, Mrs. J. Kerr Lott and Mrs. John A. Mumper.

During the afternoon Mrs. Robert Deardorff entertained with two selections on the piano. She played

WILL REMOVE SERVICE FLAG AT ST. JAMES

The first Sunday after Trinity will be observed at St. James Lutheran church with a special service on Sunday morning at 10:30 o'clock. At that hour the service flag which was dedicated four years ago and which has since occupied a prominent place in the church will be taken down.

During the war 262 members of St. James were inducted into the country's military service. The Sunday morning service is being arranged as a memorial to those who made the supreme sacrifice and in honor of all the young men and women who have served in the armed forces.

Dr. Ralph R. Gresh, pastor, will be in charge of the ceremony marking the retirement of the service flag, assisted by Robert Miller, a veteran of the army; George Fair, a veteran of the navy, and John C. Bream, lay president of church council.

Children's Program

Appropriate music has been prepared by the four church choirs under the direction of Prof. Richard B. Shade, minister of music at St. James. The Junior choir will render the anthem, "What a Friend We Have in Jesus," by Charles C. Converse, with solo by William DeHaas. The combined Junior, Junior High school, Senior High school and Senior choirs will present a cappella the anthem, "Open Our Eyes," by Will C. Macfarlane. Organ numbers by Prof. Shade will include: "O Thou of God the Father," by J. S. Bach. "Meditation," by Edward J. Sturges and "Sortie—Improvisation," by Gustave Ferrari.

Doctor Gresh will serve as the liturgist and preach the sermon on the theme, "Building Tomorrow's World."

A Children's Day program will be presented by the children of the Sunday school on Sunday evening at 7:30 o'clock in the chapel.

Greenstone 4-H Club Organizes

The first meeting of the Greenstone 4-H club was held recently at the home of the local leader, Mrs. Everett Wills. The election of officers was held with these results: President, Clara McCleaf; vice president, Naomi Hardman; secretary - treasurer, Jean Hardman; game leaders, Shirley Warren and Rosalie Trimmer; song leader, Marilyn Warren, and news reporter, Mary Jane Dick.

Miss Mildred Tombler, county 4-H club leader, outlined projects available to the club and the group decided upon outdoor cookery. The next meeting will be held at the home of Clara McCleaf June 17 at 7 p. m.

NEW GARAGE IS NOW UNDER CONSTRUCTION

Plans have been announced by Glenn C. Bream, who has been in the automobile business in Gettysburg since 1935, for a new garage on York and Sixth streets, and for the development of a new real estate sub-division which he said will be named "Glen Bury." The latter will include land extending from York to Hanover streets and from Fifth street through to sixth street.

Work on the construction of the new building is progressing. It will include a garage, service station and a used car sales office. It will set back 50 feet from York street and a similar distance from Sixth street to permit handling of cars and trucks from the main highway.

The first building in the group Mr. Bream is erecting will be the 72-foot frontage garage. Next to this, and a part of the same building, will be a 28-foot service station, the garage doors 28 feet in width and a 28-foot-wide used car office. The garage will extend 130 feet to the rear, and back of it will be a 100 by 40 steel quonset building for storage.

The garage will be constructed with 14-foot high doors on each side, known as multitype doors, which will enable repairs to be made on tractor-trailer trucks inside the

Urges Attendance At Cards' School

All young men between the ages of 17 and 22 inclusive, in Adams and surrounding counties were urged today by O. H. Benson, chairman of the Rotary committee in charge, to attend the baseball school to be conducted here June 19 through 21 by representatives of the St. Louis Cardinals.

"It may be the only opportunity of getting training under National league leadership," Benson said. "The local Rotary club is sponsoring the school with the hope of arousing more interest in baseball and in developing better ball players in the community," Benson added.

Benson estimated that approximately 200 youths from this section will take part in the school.

21 GRADUATED BY PAROCHIAL SCHOOL FRIDAY

Certificates of graduation from the eighth grade of St. Francis Xavier Catholic school were presented to 19 members of the class Friday evening at the annual commencement exercises for the local parochial school held in the Catholic church. Here And There

News Collected At Random

United States Senator Edward Martin, in an address before the Young Republicans convention in Milwaukee, Friday afternoon, outlined the following seven points for Americans to adopt as their objective for a better nation:

* * *

1. Take a greater interest in government. Use your power to make government function as our forefathers blueprinted it, not as foreign dictators would have it.

2. Demand the blotting out of communism and other dangerous subversive ideologies being preached in this country.

3. Fight for lower taxes and continued reduction of the public debt. The way to bring these things about is to cut the cost of government by eliminating useless functions and useless employes.

4. Demand a plan for strong National defense based upon the American tradition of our desire to live at peace with our neighbors, but of readiness to defend ourselves against any attack.

5. Insist upon some return for

Commissioners Plan To Send Jail Inmates To Harrisburg; May Also Use Borough Lockup

The Adams county commissioners this morning decided to make arrangements with Dauphin county authorities to place Adams county prisoners in the jail at Harrisburg. They also decided to contact Gettysburg borough officials to determine the possibility of repairing the borough lockup as a place for detention of prisoners at least overnight and if possible until after preliminary hearings before a justice.

The commissioners made their decisions after meeting with Judge W. C. Sheely and Attorney Eugene V. Bulleit in the judge's office.

The procedure suggested by the judge for the commissioners to follow will be for them to contact the Dauphin county commissioners and prison board and to make arrangements with them concerning the handling of Adams county prisoners and the costs involved. When that is completed the commissioners are to petition the department of Welfare and Dauphin and Adams county courts to approve the arrangements.

Cites Inconveniences

Judge Sheely indicated the Adams county court would approve the transfer. However, the judge said, he felt there should be a place of detention for prisoners in Adams county immediately upon their arrest. He pointed out it would be a tremendous saving for the county to have such a place of detention. Otherwise it would be necessary to take the prisoners upon their arrest to Harrisburg and then return them here for hearings. He described the situation that would prevail if there was no detention room here as a "parade of prisoners back and forth."

He also held that taking prisoners immediately to Harrisburg would work a hardship on the prisoners. They have the right to consult a local attorney and removing them immediately to Harrisburg would prevent this and would make it more difficult for them to obtain bail. In addition it would greatly increase the costs placed upon the defendants, he said.

The judge said that if Harrisburg is the designated place for detention, constables would have to take prisoners to Harrisburg thus greatly increasing costs. If a place of detention is designated in Adams county constables would bring prisoners to that place and there they would be turned over to the custody of the sheriff, who, in turn, could take several prisoners at one time, thus effecting a saving.

George P. Taylor, president of the Adams county commissioners, said that the commissioners had been assured by the warden of the Dauphin county prison that there was sufficient room at Harrisburg to take care of all Adams county prisoners. The warden, Taylor said, showed the commissioners a block of cells which he said could be used for the local inmates. In that way there would be no contact between Adams and Dauphin county prisoners.

In answer to a question from the judge, Clarence C. Smith, commissioners' clerk, said he had been informed that Franklin and Cumberland county prisons could not, due to their own crowded conditions, take care of Adams county prisoners.

SPECIAL DAY FOR CHILDREN AT ST. JAMES

Children's Day will be observed at St. James Lutheran church with a special program Sunday evening in the Sunday School chapel at 7:30 o'clock. Mrs. Howard W. 17 Form Graduating Class At Emmitsburg

The graduation exercises of St. Euphemia's Parochial school took place Thursday evening in St. Joseph's Catholic church, Emmitsburg. The graduates entered the church to an appropriate march played by the church organist, Mrs. Euphemia Rotering. Girls of the fourth, fifth, sixth and seventh grades sang, "Thou Potent Star," and "Consecration To The Sacred Heart" after which the Rev. Francis Stauble, pastor of St. Joseph's church, addressed the graduates, impressing upon them the importance of higher education. Benediction of the Most Blessed Sacrament followed during which the children sang "Ave Verum" and "Tantum Ergo."

Those graduating were: Mary Miller, Helen Namet, Pauline Rosensteel, Teresa Pecher, Anna Mae Welty, Patricia Joy, Rita Ann Topper, Patrick Boyle, John Walter, Benjamin Hobbs, David White, David Adams, Donald Rodgers, Theodore Topper, Richard Topper, William Sterbinsky, and James Welty.

Prizes were awarded to Mary Miller for general excellency and to Pauline Rosensteel and Anna Mae Welty for cooperation during the year. Donald Rodgers and William Sterbinsky won awards for high averages in mathematics, science, history and English.

County Couple Is Married Today

Clarence James Kuhns, son of Mr. and Mrs. James A. Kuhns, Bonneauville, and Miss Helen Regina Miller, daughter of Mr. and Mrs. J. Ralph Miller, Breckenridge street, were married at a nuptial mass at 8 o'clock this morning by the Rev. Fr. Mark E. Stock, at St. Francis Xavier church here.

Attendants were William Orner and Mary L. Chrismer, both of Gettysburg. A breakfast for the wedding party was held at the home of the bride, following the ceremony, and a reception will be held there tonight.

County Soldier In Panama Canal Zone

Pvt. Eugene C. Howe, Gettysburg R. 3, has arrived for duty in the Panama Canal Zone and is stationed with Battery "C" of the harbor defense of Cristobal at Fort Sherman, on the Atlantic side of the Isthmus of Panama.

He arrived recently aboard the U. S. Army Transport Blanche F. Sigman, which sailed from New Orleans. His work is concerned with maintaining army boats, arms and equipment used in the harbor areas for guarding the Canal.

Wilbur L. Plank In Business Here

Wilbur L. Plank, formerly a colonel in the Ordnance Department of the Army, announced today the opening of his new firm Wilbur L. Plank and Associates which will operate from 123 Springs avenue. He said the firm will be devoted to the practice of engineering and preventative maintenance.

A graduate of Gettysburg college in the class of 1916, Mr. Plank engaged in electrical engineering work before he entered the service in 1940. He served as district commander with the Persian Gulf Command and upon his return to this country was ordnance officer at three Texas army posts.

Arrest Countian On Three Charges

Borough police early this morning arrested Joseph L. Bosak, Bendersville, on three charges, passing a stop sign at Baltimore street and Steinwehr avenue, passing another automobile at the intersection, and disorderly conduct.

Arraigned before Justice of the Peace Robert P. Snyder, the Bendersville man paid a fine of $10 and costs on the disorderly conduct charge, and was given ten-day notices on the other two charges.

Betty Prichard King, Danville, Va., arrested Friday by state police of the Gettysburg sub-station on a charge of speeding, paid a fine of $10 and costs to Squire Snyder.

FLOODS SWEEP MANY FAMILIES OUT OF HOMES

(By The Associated Press)

Thousands were left temporarily homeless in parts of four midwest states today as surging waters of rivers and streams spilled out over farm lands, washed out railroad tracks and flooded highways. Tornadoes struck in four other states last night, causing extensive property damage.

While the peril of serious floods threatened in southeast Nebraska, southwest Iowa, northwest Missouri and northeast Kansas, tornadoes hit communities in Illinois, Colorado, Oklahoma and Missouri last night destroying several homes. There were no fatalities.

The twisters which struck at Champaign, Ill., and Julesburg, Colo., caused heavy damage. In the Illinois city, home of the University of Illinois, more than two score houses were destroyed or damaged, with a loss estimated at $200,000. At Julesburg, the Union Pacific Railroad yards were damaged and the station nearly demolished.

Many Evacuate Homes

A tornado also hit a rural area near Chester, Okla., demolishing a farm home, while several houses were damaged in two summer resorts near Excelsior Springs, Mo., by a twister.

The rapidly rising Des Moines river forced several thousand residents in southeastern Iowa to evacuate their homes, including more than 4,000 in Ottumwa, which was without electric power and had only a meager reserve of water for its 30,000 residents.

At Ottumwa flood waters crept higher and spread over the business district. The city's power plant was put out of operation after a wall developed a leak.

More than 6,500 residents in other southern Iowa communities were driven from their homes and hundreds of head of livestock were feared lost as flood waters spread over the lowlands.

About 100 families were moved from lowland areas at Canton, Mo., as the Mississippi river, already two feet above flood stage at 16.3 feet, continued to rise. A Coast Guard cutter and other boats were sent to the scene.

COUPLE IS WED AT FREDERICK

The wedding of Miss Katharine Virginia Fitez, Frederick, daughter of Mr. and Mrs. Robert G. Fitez, of Rocky Ridge, near Emmitsburg, and William Brice Ennis, Jr., Camp Detrick, son of Mr. and Mrs. W. B. Ennis, Sr., Martin, Tenn., took place Saturday afternoon at 3 o'clock in the ballroom of the Francis Scott Key hotel, Frederick. Rev. Herbert R. Jordan, assisitant pastor of St. John's Catholic church, performed the ceremony.

Mrs. Murray E. Valentine, Rocky Ridge, was her sister's matron of honor. Lt. R. W. Swanson, Emmitsburg, was the best man. Richard Graham, Frederick, a cousin of the bride, and Dr. Arthur Newman, of Frederick, ushered.

Miss Blanche Stull, pianist and Prof. William Sterbinsky, violinist of Emmitsburg, played the nuptial music and Leo A. Kerrigan, of Camp Detrick, sang.

A reception followed in the ballroom after which the couple left for a honeymoon in the New England states. They will be at home after June 15 at 1005 Motter avenue, Frederick.

The bride is a graduate of Emmitsburg high school and the Frederick Memorial Hospital school of Nursing. She is now on the hospital's nursing staff. Mr. Ennis was graduated from high school and college in his home state and then studied for his master's degree in Maine, Michigian and Arkansas, before entering service in World War II. He is now employed at Camp Detrick.

Guests were present for the wedding from Gettysburg, Baltimore, Emmitsburg, Adamstown and Frederick.

SUV To Furnish Flag For Scouts

The Gettysburg camp of the Sons of Union Veterans Friday evening voted at their regular meeting in the GAR rooms on East Middle street to purchase an American flag for the local Catholic Boy Scout troop.

Other business at the session included reports on the Memorial Day exercises. Commander Harry G. Deatrick presided.

BIRTHDAY DINNER

Mr. and Mrs. Daniel Griffey, Hunters Run, held a dinner Wednesday evening in honor of their son-in-law, Howard Galloway, Gardners, who celebrated his birthday anniversary on Wednesday. A large birthday cake featured the refreshments. A similar dinner was held May 17 in honor of Mrs. Galloway who observed her anniversary that day.

Bulgarian Leader Expected Arrest

Sofia, Bulgaria, June 7 (AP)—Opposition leader Nikolai Dimitrov Petkov, accused of plotting against Bulgaria's Communist-led government, today saw his arrest as "nothing but a prolongation of what already has happened in Hungary."

Petkov, secretary of the opposition Agrarian party, who was jailed yesterday, gave his interpretation to reporters on his way to his cell. He said he had been expecting to be arrested. Petkov, a national assembly deputy, was taken into custody after the assembly voted to deprive him of parliamentary immunity.

Vladimir Topencharov, government press bureau head, also likened events here to those in Hungary. He said Petkov's acts had been "similar to those of the Hungarian conspirators" and spoke of "a political link between the Hungarian conspiracies and the Bulgarian ones," adding that this link was "not organizational."

OFFER REWARD

State College, Pa., June 7 (AP)—The family of Dr. Vernon R. Haber, missing Pennsylvania State College professor, offered "a substantial reward" today for information leading to his whereabouts. In offering the reward, Mrs. Julia Haber, wife of the 55-year-old professor of zoology, and his two brothers, Roy Haber and J. Peter Haber, both of Union City, Ind., joined with Chief of Police John R. Huba in believing Dr. Haber was a victim of amnesia.

Pittsburgh, June 7 (AP) — Ager Williams, 10, drowned in the Allegheny river here Thursday while a friend, Lonnie Johnson, also 10, watched from the bank. Lonnie threw his dog, Sylvia, into the river but while the dog swam toward the victim, it could not help him. Neither boy could swim.

ON PARTY LINES

Washington, June 7 (AP)—Pennsylvania's senators voted along party lines yesterday in the roll call vote by which the Senate passed the labor bill, 54 to 17. Senator Edward Martin (R) was recorded as paired for the bill while Senator Francis Myers (D) voted against the measure.

Cars Collide

Two cars were considerably damaged when they collided on Route 15 about a mile south of Thurmont on Moser's turn about 5:30 o'clock Monday evening, but the occupants escaped injury.

State Trooper Kenneth Bond charged the drivers, Mrs. Mary B. Boyle, Emmitsburg, and Teddy Alvarzia, Mercersburg, with reckless driving. They were cited to appear before Magistrate William J. Stoner at Thurmont on June 9.

Mrs. Boyle was traveling north and Alvarza was driving southward the officer reported. He was unable to determine what caused the accident.

Hurling Well

Nino Briscuso, who formerly pitched for Mt. St. Mary's college and for the Emmitsburg baseball club in the Adams county league, is going strong with the Baton Rouge, La., club in the Evangeline league. The young athlete has pitched nine games, winning eight, losing one, that as a result of an error.

The June dance held on Thursday in St. Joseph's high school auditorium for the juniors and seniors of the school and former graduates of '45 and '46 was well attended. Prof. Sterbinsky and his orchestra furnished the music. A special number, "At Graduation," requested by Miss Helen Hobbs of the '47 graduating class, was played by the orchestra and sung by Guy A. Baker, Jr. Refreshments were served throughout the evening. The committee in charge was, Mrs. Henry Gerken, Mrs. Guy A. Baker, Mrs. J. Edgar Mullen, Mrs. Clarence Wachter and Mrs. Bernard H. Boyle.

The Junior Holy Name and the Children of Mary of St. Euphemia's school held a picnic on Friday at the Log Cabin on the grounds at St. Joseph's college. Swimming, canoeing and baseball were held. The children were treated to ice cream and soft drinks by the Sisters at the college.

QUITE A LOAD ON

New York (AP) — The Liberty ship Paul Bunyan wobbled and shivered at sea a few days out of Liverpool, England, Chief Engineer Leonard W. Ballentine reported yesterday when the ship docked here.

But it wasn't the cargo — 1,200 tons of Scotch whisky — that gave her the wobbles. Balentine said the ship's propeller had snapped.

THE WORM TURNS

Salem, Mass. (AP) — The sea worms of Collins Cove are exceptionally good fishing bait and bring ten cents apiece in some markets.

In fact, they are valued so highly that City Councilman James J. Muse said approval had been given for appointment to protect these worms from poachers.

FALSE ALARM

Seattle, Wash. (AP) — Bank Teller Otto Krueger thought he was in for some excitement when a man carrying a pistol and a paper sack walked up to his cage.

Said the stranger:

"This is not a stick-up. I just want this $50 in bills changed to quarters."

Krueger changed the bills and the pistol-totin' patron left without explaining the gun.

OUCH!

Philadelphia (AP) — Secretary Ruth Cunningham called Commercial museum and asked to speak to Charles R. Toothaker, the curator.

This was the reply she got:

"Sorry, Mr. Toothaker is at the dentist."

PISCATORIAL PAYMENT

Albany, N. Y., (AP)—City Treasurer Frank J. O'Brien received in the mail a check for $100, marked "money for stolen time."

"Someone must have taken the time off to go fishing and his conscience bothered him," O'Brien said. "But for $100, he must have done a lot of fishing."

PLAN NEW HALL AT NEW OXFORD

The New Oxford Volunteer Fire company met Wednesday evening at the engine house. The building committee reported on plans to meet with the borough council and draw up plans for the new town hall and fire engine house.

The committee for the sixtieth anniversary celebration and the carnival, which are to be held jointly on July 10, 11 and 12, made reports on preparations. The committee includes Emory Hammer, chairman; Richard U. Smith, R. E. Crouse, Joseph Kaiser, Eugene Overbaugh and Thomas O'Brien. The entertainment planned for Thursday evening of the carnival will be provided by Tee-Bone and his Log Cabin Boys from York; Friday evening, the Brodbeck band, and Saturday evening, the New Oxford High School band. The usual concessions will be operated. Soup, sandwiches and other food will be served.

Chief of Police McNale expressed his thanks to the fire police for the services they rendered on Memorial Day during the parade. Burgess Thomas O'Brien swore in Herman Bentzel, Earl Legore and Joseph Zinn, all of Green Springs district to act as fire police in the event of fires in that area. H. E. Lough resigned as fire policeman and was given a rising vote of thinks for his many years of service in that capacity.

The company answered one fire call during the month of May. On May 13, the double garage and other small buildings burned on the property of Walter Phillips, Qualityville. President Vernon Rife presided at the meeting which nearly 30 members attended. One application for membership was received and four men were elected to membership.

ABBOTTSTOWN ORDERS LIGHTS

Edward H. Blettner, lighting specialist for the Metropolitan Edison company, appeared before the borough council of Abbottstown at a special meeting of that body Thursday evening and presented a lay-out for the lighting of the oval at the intersection of the Hanover and Lincoln highways.

At this meeting, presided over by S. S. Wolf, president, the borough officials approved the lay-out as presented and passed a resolution for the removal of the present lights and the installation of two 6,000 lumen Spherolite luminaires. These lights well be approximately 22 feet high on a pole in the center of the oval. This new lighting fixture is made of aluminum and the light source is concealed in a glass enclosed globe. By making this installation, the total lumen output of the two lamps will be 12,000 as compared with the 4,000 now being used.

In addition to the lighting changes to be made in the center of the town, three additional 1,000 lumen lamps were ordered installed by the borough officials at the following locations: One at the corner of Pleasant and High streets; one at the corner of James and Fleet streets; and one at the corner of Cheapside and Fleet streets.

Council also enacted an ordinance for the signing of a new street lighting agreement with the Metropolitan Edison company for a period of ten years. This new agreement will go into effect July 16, 1947, when the present agreement expires.

Set Trial Date For Three Kidnapers

Trial of three men who broke jail in Frederick in January and allegedly kidnapped a Frederick taxi driver has been set for Monday in United States District court, in Baltimore, it was learned today. The men, Harry Ball, James Hite and Lloyd Mauk, are specifically charged with kidnapping Mehrl Hobbs, a local taxicab driver, and taking him to Gettysburg, where they left him bound in his cab. He later secured his freedom.

Only two witnesses, Hobbs and Sheriff Guy Anders, are understood to have been summoned to testify for the government in the proceedings. The case was set for trial some time ago but postponed because Hobbs was undergoing hospital treatment. He is now able to be about. Frederick charges of escape, false pretense and larceny against the men are awaiting disposition of the Federal charges.

HOSPITAL REPORT

Ronald Collins, Littlestown R. D.; Betty Louise Seibert, Cashtown, and Ralph Sitler, Jr., 203 Hanover street, were operated upon at the Warner hospital this morning for the removal of their tonsils.

Other admissions include Mrs. Elijah Jenkins, Taneytown; Lawrence Berger, Gettysburg R. 5; Helen Heagy, East Berlin R. 1, and Alice Miller, Emmitsburg R. 1. Those discharged were Genevieve Heistand, Gettysburg; Mrs. Cletus Redding, Gettysburg R. 2; Donna Warren, 352 York street; Edmund Dutterer, Westminster R. D.; Caroline Vaughn, Taneytown, and Mrs. Madora Wierman, 206 York street.

Harvard University was founded in 1635.

Joe Louis Is Dad Again; 11-lb. Boy

Mexico City, June 7 (AP)—Joe Louis, the world heavyweight boxing champion, has a new son. His name is Joe Louis, Jr., and he's a heavyweight too—11½ pounds when he weighed in.

Joe said he hoped the boy, born here May 28, would become a champion fighter.

"If he's as lucky as I am, he will be," said Joe.

Interviewed on a golf course at San Diego, Calif., after the birth was announced here yesterday, Louis disclosed that he and his wife, the former Marva Trotter, were remarried last July in a small Indiana town near Chicago. He couldn't remember the name of the town.

Louis and his wife were divorced in Chicago on March 27, 1945, after nearly 10 years of marriage. They have a daughter, Jacqueline, 4.

DRIVERS CHARGED

Informations charging failure to stop at a stop-sign on the Littlestown Square were laid before Justice of the Peace Howard G. Blocher, Littlestown, by Chief of Police Leon H. Gage, against Stewart Huston, 76 South First avenue, Coatesville, and Edgar A. Graham, 235 West Second street, Waynesboro.

CARD CASTOFF HURLS BRAVES TO 5-2 VICTORY

By JACK HAND
(Associated Press Sports Writer)

Maybe Billy Southworth "knew something" when he grabbed Johnny Beazley off the St. Louis Cardinals' scrap heap and gave him another chance with his Boston Braves.

Although the sore-armed right-hander has yet to approximate his 1942 form when he won 21 as a Red Bird freshman, he has copped two in a row for his old boss Southworth who now skippers the Boston crew.

They had Beazley in New York during the week for treatment by a New York specialist who must have known what he was doing. In his first outing since May 8, the 28-year-old "veteran" turned back Cincinnati, 5-2.

Brooklyn took a half game lead in that wild National League scramble by defeating Chicago, 6-2, breaking out of a tie with the New York Giants who had moved up even with the Dodgers in an afternoon game 11-inning win over St. Louis, 7-4.

Homers Turn Tide

"Big Jawn" Mize kept the Giants in the ball game with the Cards, spoiling Howie Pollet's prospective shut out with a grandslam homer in the sixth. New York finally won on Willard Marshall's homer after Mize and Walker Copper walked in the eleventh.

Howie Schultz continued the day's specialty, a game-winning Homer, when he hit one into the left field seats with the score tied in the last of the ninth at Shibe park. As a result the Phils' Fred Schmidt decisioned Pittsburgh's Art Herring, 4-3. Herring threw to just one batter, Schultz.

The St. Louis Browns' 4-3 win over the New York Yankees stretched Detroit's American league lead to 1½ games. The Tiger's day game with Boston was washed out.

Mackmen Bow

Mel Harder received credit for his 219th Major League victory although he was knocked from the box by Sam Chapman's two-run homer in the eighth-inning of Cleveland's 7-4 romp over Philadelphia.

Chicago eked out a 5-4 nod over Washington in another night game, sixth on the evening's program. Floyd Baker raced home with the winning tally after two were out in the last of the ninth to defeat Fireman Tom Ferrick. Ed Lopat survived a homer by Buddy Lewis, a double by Al Evans and seven other Washington hits for his fourth win.

LA MOTTA WINS OVER JANIRO

By SID FEDER

New York, June 7 (AP)—Middleweight Jake LaMotta, the Bronx Fire Hydrant, walloped baby-faced Tony Janiro, just as everyone expected he would, but what everyone was wondering today was where and how the district attorney comes up with rumors of fixed fights that turn out to be about as phony as the battle of Gettysburg.

This taffy pull last night was a rip-snorter all the way. Ranked as the third best middlewight in the world, Jake trimmed himself down to 154¼ pounds—because it would have cost him $15,000 forfeit if he was over 155—and then proceeded to punch the youngster from Youngstown, Ohio, who is only a welterweight, into exhaustion, and gallop to a ten-round decision.

Outweighed by five pounds, Janiro got an "A" for effort from the crowd of 14,165, who chipped in to a gross of $71,874 for the way he fought back from the verge of a knockout from the sixth round on. He refused to go down until four seconds from the finish, when he collapsed and was saved by the bell. All of which made it a hair-raiser of a brawl.

Which brings up the district attorney's "interest" in the proceedings. Rumors were flying around the Garden before the thumping got under way, and it was learned the D.A. had called several of the interested parties down to his office. One report was that the fight was "wrong," and that Jake might lose.

Fights Last Night

(By The Associated Press)

New York—Jake Lamotta, 154¼, New York, outpointed Tony Janiro, 149¼, Youngstown, 10.

Chicago—Gene Burton, 136½, New York, outpointed Johnny Bratton, 134½, Chicago, 10.

Detroit — Tommy Yarosz, 162, Monaca, Pa., outpointed Jimmie Edgar, 160, Detroit, 10.

Baltimore — Terry Moore, 143½, Baltimore, outpointed Cleo Shans, 138, New York, 10.

Asbury Park, N. J. — Larry Gibson, 162, Trenton, knocked out Wally Hicks, 158, Toronto, 6.

Yesterdays Stars

(By The Associated Press)

Batting, Phil Masi, Braves—Enjoyed perfect night against Cincinnati, collecting two hits, one three-run homer in the fifth that sewed up Boston's 5-2 victory margin.

Pitching, Joe Hatten, Dodgers—Earned sixth victory and third over Chicago with nine-hit job in Brooklyn's 6-2 win.

Senators Nose Out Cardinals 14 To 13

(By The Associated Press)

Relief pitcher Gus Wicker's two-base hit, a fielders choice and an error gave the Lancaster Red Roses two runs and a 12 inning 7 to 5 decision over the slump-ridden Sunbury Yankees last night to keep the Red Roses in third place in the Interstate league standings.

In other games the Harrisburg Senators nosed the league-leading Allentown Cardinals 14 to 13 in a seesaw battle, York's White Roses dropped their fourth consecutive game at home, bowing to the Trenton Giants, 9 to 3, and Hagerstown won its fourth straight by defeating Wilmington 6 to 4.

Today's schedule: Allentown at Harrisburg, Lancaster at Sunbury, Wilmington at Hagerstown and Trenton at York.

Sports Roundup

By HUGH FULLERTON, JR.

New York, June 7 (AP)—Judging from advance notices, there'll be quite a tussle for the 'rookie of the year" nomination in pro football next fall. . . . You could play safe and pick Charley Trippi of Georgia, the Atlanta Crackers and the Chicago Cardinals, of course, but the Guy may get himself busted up playing a nice quiet game of baseball. . . . Then the Bears will have Bob Fenimore and in the same city Jimmy Crowley's Rockets are coming up with the appropriately nicknamed Ray "Rocket" Ramsey from Bradley college. Ray did almost everything in flashy style in college and Crowley thinks he's the ideal T-formation halfback. . . . The Detroit Lions are high on Tulsa's Clyde Laforce, who can do the pitching for some expert receivers, and Cleveland's Paul Brown likes Horace Gillom, big end from Nevada who is a greatpunter and an exceptional pass receiver. He's a Massillon, Ohio, product and Brown once tabbed him as "the greatest high school player I ever coached."

SHORTS AND SHELLS

Pat (the Whistle) Kennedy, the basketball referee, recently was given the 1947 "honor award" from Panzer college at East Orange, N. J., as one of that institution's outstanding graduates. . . . They might have said "outspoken." . . . The National Open next week will be the third major golf championship at the St. Louis country club. Jess Guilford won the amateur there in 1921 and Glenna Collett took the Women's title on the same course in 1925. . . . Walter Langford, a Spanish prof who coaches the Notre Dame tennis team, just went through his third unbeaten season since 1940. His 57-9 record compares favorably with Frank Leahy's football record of 32 victories, three losses and four ties. . . . The Braves' Johnny Hopp is a nephew of Jack Gettman, who once made 10 consecutive hits in the National league.

INTERNATIONAL

Bill Miller, Los Angeles boxing publicist, says that Enrique Bolanos, lightweight title contender, should be tabbed the "United Nations kid." . . . Bill explains: "He was born in Mexico, married a Californian (new nation, Pal?), his manager (George Parnassus) is Greek, his trainer (Johnny Villaflor) is a Filipino, his chief second (Roxie Eisen) is Jewish, his publicity man (Gene Vinassa) is Italian and his nose is Roman."

Eastern League

(By The Associated Press)

The Wilkes-Barre Barons led the Eastern Baseball league by a half-game today, after exchanging places with the Utica Blue Sox—leaders for a day. The Barons supported four-hit pitching by righthander Mike Garcia last night to blank the Hartford Chiefs, 4-0.

Meanwhile, the Williamsport Tigers halted Utica's winning streak at eight games by downing the Blue Sox, 12-5. The win lifted Williamsport into third place. The Albany Senators pounded out a 12-1 decision over Scranton and the Binghamton Triplets walloped four Elmira pitchers for 17 hits and an 11-7 victory.

No games were scheduled today.

PUTTING HELPS SNEAD TO WIN

Washington, June 7 (AP)—There's a new Sam Snead—a Snead who knows how to putt. In the past Snead has been ranked as one of the worst putters among those who make a living playing golf.

But yesterday he had a record-breaking 65 in the second round of the 72-hole, $10,000 National Capital open golf tournament. This, with his 66 of Thursday, gave him a 131 and a three-stroke lead.

One of Snead's first statements: "I'm puttin' good—for me. Man, I haven't three-putted yet." And he almost knocked over the scorer's table, rapping on wood.

Snead then disclosed that he recently has picked up some putting pointers, and brace yourself for a shock. His instructor wasn't any of his fellow pro tourists. No, it was Patty Berg, one of the top ranking linkswomen.

Snead said he switched from a blade to a mallet type of putter, and then he picked up some tips from Patty. "Her idea," said Snead, "is to keep the left elbow pointing more to the hole. And it does seem that I don't pull and push so much."

Gulian Will Coach Lafayette Backfield

Edward Gulian, a graduate of Gettysburg college, has been appointed backfield coach of the Lafayette college football team it was announced today.

Gulian recently resigned as head football coach at Shippensburg State Teachers' college. Previously he coached at Ashland and Phoenixville high schools.

While a student at Gettysburg college Gulian earned varsity letters in football, basketball and baseball.

Fr. Stock Speaks

All of the graduating girls were dressed in yellow and wore white hats. The students in the seventh grade formed a guard of honor for the graduates and all of the seventh grade girls were dressed in white.

The students marched into the church and took places in the front pews and then marched up for their certificates as their names were called. The certificates were presented by the Rev. Fr. Mark E. Stock, pastor of St. Francis Xavier church.

During the exercises the children sang: "Lord, For Tomorrow And Its Needs," "Veni Creator Spiritus," "Sacred Heart of Jesus, Fount Of Love," "Ave Verum Corpus," "Tantur Ergo," and "Holy God, We Praise Thy Name."

"In school you laid the foundation for your future life," the Rev. Fr. Stock said in a talk to the eighth graders. "I want you to look upon the parochial school as a most cherished institution. The parochial school is doing a work that is done nowhere else, for it not only develops your mind, but it cultivates your soul. The sisters are the best possible influence in a young man or a young woman's life. They have taught you the truth best expressed in your catechism that we are in this life to know God, to love Him, to serve Him and to be happy with Him forever.

Proper Start Important

"By all means try to be successful in some department of life, but remember that the salvation of your souls comes first.

"The Catholic church goes to great expense in building schools and in mtaintaining them. It costs as much to run the school as it does to run the church. But it is done so that Catholic boys and girls will have a proper start in life. A start that is not only intellectual but spiritual. It is the prayer of all of us that God may bless you and direct you throughout your life."

Following distribution of the prizes, the students sang "O Sacred Heart of Jesus" and then Benediction of the Blessed Sacrament was held. The service concluded with the singing of "Holy God We Praise Thy Name."

the aid we are giving so freely to other nations. Many of these nations have and can spare raw materials which are vital to our National defense. I refer principally to those scarce metals and minerals which we should stockpile for our protection. Why should we not have some of these in exchange for carrying the heavy relief burden?

6. Let us conserve our own National resources so that future generations will not find themselves living in a have-not nation.

7. Let our actions follow the road of right and not expediency. In this connection let me emphasize one point which is not given sufficient emphasis in the harsh age in which we live. I mean, the virtue of tolerance. If we are to succeed in further building of our country, in making it a better place in which to live, and a model for the future, then we must preach and practice tolerance and good will.

* * *

Let us seek to live at peace with our fellow-Americans, no matter what their race, their color, or their creed. United we can be an influence for good that we could never be, if divided.

Let us go forward together, rededicated to youth's greatest obligation and greatest opportunity—shaping the America of tomorrow.

New Dean Elected By Dickinson Board

Carlisle, Pa., June 7 (AP)—Dr. Russell I. Thompson, head of the Department of Education at Dickinson college, was elected dean of the college, succeeding Dr. E. A. Vieulleumier, who resigned.

Dr. Thompson's appointment was announced following the annual meeting yesterday of the college's board of trustees.

Dr. A. Benjamin Horlacher, of Hazleton, was named to the newly established post of dean of men and Howard W. Selby, of Boston, was elected as a new board member. All board officers were re-elected.

SPLURGING OF OIL WEALTH IS TONING DOWN

By HAL BOYLE

Oklahoma City, (AP)—Oklahomans love to recall the exploits of the oil-rich Indian.

"He used to buy a bright yellow high-powered motor car," they say. "On Saturday nights he would get drunk and crash into a bridge abutment. Monday morning he would buy another brand new car, explaining to the salesman: 'Bridge no get out of my way.'

"He used to wreck three or four cars a month."

Just who this Indian was nobody seems to remember, but he is a symbol of the fabulous spending of an era that is dead, the early days of the oil industry when the parched acres on which a patched-pants farmer had scratched out a miserable living suddenly made him wealthy overnight.

Oil Wells Run Out

Men who had to wear borrowed cardboard to cover the holes in their shoes found themselves in a position to buy $100,000 homes. And they did.

The oil strike in Osage county in the 1920's made the Osage Indian tribe there the richest people on earth on a per capita basis—until the gadget salesmen moved in to part the unwary from their money.

"This country used to be a gold mine for broken down painters from the east and antique dealers," said one old resident.

Newly rich farmers hitherto insensible to the joys of indoor plumbing spent vast amounts on Persian rugs and foreign tapestries to decorate their lavish homes.

The only trouble is that oil wells eventually have a habit of playing out. That shut off the source of income. Many a splurger had to leave town "scratching a broke backside"—as they say in forth-right Oklahoma.

It's Different Now

Again big money is being spent fast and loose trying to locate new oil fields. But the farmers who own the land are conservative and wiser. They aren't trying now to build stone castles on prospective paper profits.

The drillers themselves are a different caliber too. In the old days they used to pour gasoline down the creek as a wasteful by-product of kerosene, the fuel used in lamps. Nobody wanted gasoline because it was too explosive for home illumination and the market of the motor car hadn't been developed.

Natural gas then hissed unwanted into the open air.

Conservation Arrives

"Now oil producers try to conserve every pound of energy, every foot of gas, and every barrel of oil," said one old timer. That is a result of conservation measures initiated for the first time on a statewide basis by Oklahoma.

Formerly a producer paid for the cost of digging a well within a month of the time it spouted oil. He got only perhaps twenty-five per cent of the oil wealth available through slapdash methods of production.

Now thousands of cheap "stripper" wells are keeping communities alive by bringing up only one to four barrels of oil each daily.

Pearl Diver, quoted as high as 40 to 1 in earlier callovers and winner of only one of his last three starts, won by four lengths.

SAYS RUSSIANS WILL NOT SIGN WITH AUSTRIA

Vienna, June 7 (AP)—A high personality in the Austrian administration said today that a leading Austrian Communist, Ernst Fischer, has advised members of the government that Moscow will never sign a treaty with Austria as long as the present government is in power.

The report came in the midst of swift developments in eastern Europe, where Russian-backed regimes have seized control of Hungary's government and brought about the arrest of the chief political opponent to the Communists in Bulgaria.

Trouble Over Definition

Deputies of the four-power Foreign Ministers Council now are meeting here in efforts to pave the way for an Austrian treaty, after failure of the Council to reach agreement at Moscow. Chief stumbling block was the definition of what constituted German assets in Austria.

The present Austrian government under Socialist President Dr. Karl Renner took office December 20, 1945. Under his conservative chancellor, Leopold Figl of the People's party, Austria steadfastly opposed Yugoslav demands, backed by the Soviet Union, for a part of Carinthia and Styria as payment of a huge Yugoslav demand for $11,000,000 reparations from Germany and Austria.

The present Austrian government has been recognized by Russia, as well as by the United States, France and Britain. The recognition, tendered a year ago, did not affect the authority of the Allied Control Council to carry out Allied objectives in the country.

Truman Visits With Mother And Veterans

Kansas City, June 7 (AP)—President Truman divided his time today between his bed-ridden mother at Grandview and comrades with whom he served in World War I.

He set out to witness the first postwar II parade of veterans of the 35th Division before driving to Grandview for his second visit in two days with Mrs. Martha E. Truman.

He found the 94-year-old patient so improved yesterday that he gave his sister, Miss Mary Jane Truman, a brief holiday from her nursing chore by bringing her into Kansas City to attend a reception and hear an address by General Dwight D. Eisenhower last night.

TOPHEAVY VOTE SPEEDS LABOR BILL TO TRUMAN

By MARVIN L. ARROWSMITH

Washington, June 7 (AP)—Congress wrapped up the Taft-Hartley labor bill for President Truman today and tagged it: Approved by overwhelming majorities of both the Senate and House.

And Republican leaders predicted confidently that if the chief executive vetoes the big measure curbing union activities, Congress will override his decision.

Backers Not Worried

That takes a two to one majority. Here is the picture:

The Senate approved the bill late yesterday by a vote of 54 to 17, completing Congressional action. That's a three to one margin—better than the GOP leadership expects to muster on a veto test, if one comes.

The house slapped its okay on the bill earlier this week, 320 to 79, or four to one. So proponents there are not worried.

Senator Taft (Ohio), chairman of the Senate's Republican policy and labor committees, told a reporter he was "pleased" by the senate vote and still is confident a veto can be overcome, if necessary.

But he forecast that the margin would be something closer to the 68 to 24 vote by which the Senate passed its original bill. The compromise measure it approved yesterday is a composite of separate bills passed by the House and Senate.

BROADENED TAX BILL NEAR VOTE

Harrisburg, June 7 (AP) — Wage, sales, income or amusement taxes could be levied by most of Pennsylvania's political subdivisions under administration legislation reaching a final House vote next week after a hectic legislative career in the lower branch.

Backed by Gov. James H. Duff, who has strongly urged broadened tax powers for local communities to meet rising governmental costs and at the same time relieve the tax burden on real estate, the measure as finally drafted would:

1. Allow all cities, boroughs, first class townships and school districts except those of Philadelphia and Pittsburgh to utilize the new authority to augment their revenue coffers. Philadelphia city is also exempt because it already has a wage tax law.

2. Permit the enactment of any levy such as wage, sales, amusement or income taxes without limit as to rate or amount.

3. Bar enactment of any levy conflicting with an existing state tax or any levy on the gross receipts from utility services already regulated by the Public Utility Commission. Also prohibited would be taxes on the privilege of using tangible property.

4. Require local taxing bodies to give at least four weeks public notice of the type of levy they plan to impose.

5. Bar "double taxation" by allowing residents to claim credit for any tax paid on wages or income to one taxing authority, such as a school district, on a levy imposed by another, such as a borough, or another political subdivision where the taxpayer lives or is employed.

TELLS HOW TO AVOID ULCERS

Atlantic City, N. J., June 7 (AP) — The best way to avoid ulcers, according to Dr. Donald Cook of Chicago, is to throw away that girdle and keep the stomach filled with good food and drink.

Addressing the National Gastroenterological Association yesterday, Dr. Cook said that a full stomach would prevent a pinching action which he described as the cause of ulcers.

There is no evidence, he said, that tobacco or alcoholic beverages produce ulcers.

"Good general health and mental outlook together with sufficient rest and relaxation and the regular taking of food and liquids combine to prevent neurogenic influences from acting through the primary cause to produce ulcer," he said.

He told the association that ulcers were caused by the pinching action in the ulcer-bearing areas of the stomach and the duodenum between the liver and the spine. The possibility of any pinching would be reduced, he said, if the stomach were weighted with food taken at three regular or four small meals a day.

"The prevention of ulcer in women in chiefly dependent upon the avoidance of too severe corseting," he told the meeting.

First Inspection Near For Guard

Harrisburg, June 7 (AP)—The first postwar inspection of the 28th Infantry Division of the New Pennsylvania National Guard will get underway Monday with a 14-day spot check scheduled, it was announced today.

The checkup, prescribed by the War Department annually as a command inspection, will be conducted by Brig. Gen. Daniel B. Strickler, Lancaster, the new commanding general of the 28th Division, and by Brig. Gen. Brenton G. Wallace, of Philadelphia, division artillery commander.

Maj. Gen. Edward J. Stackpole, Jr., commanding general of the PNG, said the units to be inspected have been selected at random and have been directed to make no special preparations. Assembled at their home armories on regular instruction evenings, the organizations will be checked on the conditions of arms, ammunition, supplies, and the progress of training and recruiting.

At the same time, it was announced that headquarters of the guard will be transferred about August 1 from the state capitol to Indiantown Gap military reservation.

Wilkes-Barre, Pa., June 7 (AP) — Joseph F. Conrad, national president, will address the concluding session of the annual convention of the Pennsylvania chapter, National Association of Postmasters, today. Pennsylvania postmasters, their wives and guests attended a dinner last night at Irem Temple country club at nearby Dallas.

Today's Talk

THIS ART OF LIVING

There are niceties to life that many of us rarely detect—much less practice! The artist, the composer, the writer, will work years in order to perfect what he knows is that artistic nicety. He sacrifices, goes through endless difficulties to attain it. There may be only a germ of talent to start with—but when it is enlarged and perfected, people call it genius. It's largely will, purpose, and driving hard work.

It is just as possible to make the daily life one of artistic triumph as it is to triumph in some special line of artistic endeavor. Influences are ever about us like heavy clouds in the sky. And many of these influences, like the clouds, shut out the light at times. There is nothing permanent, however, about the dark spots in life, if we will them not to be.

There ought to be the feeling of progress on the part of us all as we wend our way through life. It is the perfecting process that gives warmth and attractiveness to the personality. To live healthily and happily we must observe the fundamental natural rules of life. We cannot live to ourselves alone and attain any great degree of personal happiness. We must share with others.

We ought to move around in life—not stay at the same work too long, or in the same place. It has been said that "variety is the spice of life." Feeding cows in the same pasture too long wears the pasture too thin—and the cows as well! Keep collecting new interests and occupations.

Nothing is to plastic as the mind, especially in the early years of life, when the cells of the brain are in their fullest and easiest flow. Good habits are like good teachers. Their influence is continual. Neatness, orderliness, and integrity have their bearing upon all that we do and are. Their contribution to the art of living is very great.

We can grow thin mentally, as well as physically. A change of mental diet is always invigorating. We ought to constantly be growing UP! Opportunties never run out. They are "as the sands of the sea." The motto on the seal of the state of Michigan is this: "If you would view a beautiful peninsula, look about you." Likewise, if you would view beauty, opportunity, and the path to happiness, look about you—and take hold upon it all!

Just Folks

THE SMART AGE

It was years and years away
Oft my father used to say:
"Once, when I was young, like you,
Everything I thought I knew.
Twelve years old, and I recall,
Just like you. I knew it all."

At some boastful thing I'd said,
Sadly father shook his head,
Saying: "Many years ago
Just as much I used to know!
Now my hair is turning gray,
I'm not half so smart today.

"Foolish, blundering on I go.
There's so much I cannot know.
All is now so clear to you
As the smart age you go through.
I'll be patient. By and by
You'll as little know, as I."

Now for boys of twelve I plead.
Patient fathers they will need.
Dads to smile as they recall
Once they thought they knew it all,
Knowing they'll be wiser, too,
When the smart age they'd gone through.

More About Relays

I've been looking into the subject of headlight relays and can report some facts that should be helpful. First of all, bear in mind that a relay doesn't actually boost current. It merely serves to effect a more direct circuit between the battery and the lights. Second, bear in mind that the relay must be a good one to do a real job. Third, it must be properly grounded, but never grounded to the engine or mounted where the hood, when closed, could touch it.

Because it isn't a booster the relay won't provide candlepower beyond that of the lamps. Either use an individual relay of each headlight or one of the newer dual relays. Be careful you don't accidentally mount the relay upside down.

One for the Book

I picked up this one when stopping off for gas in a small town. A traveler was having trouble keeping the packing between the exhaust manifold and the exhaust pipe. That gave him something of a cut-out effect and some gas fumes in the driving compartment. Recounting his woes to the mechanic who was tending the gas pump brought the suggestion that perhaps the tail pipe was dented so as to cause back pressure on the exhaust system. And, sure enough, that's what it was.

Around the Map

While the lads who make their "hot rods" hit amazing speeds for stock cars are not in high favor with the safety advocates, they do point up some facts for motorists. . . These speed hounds know the value of balancing wheels and tires . . . Best safety thought of the year comes from Deputy Chief B. R. Caldwell of the Los Angeles Bureau of Traffic Safety who warns "Anyone who drives beyond the limitation of himself or his car is dangerous to the public and to himself" . . If rear-engined cars are on the way many close observers would like to know why one of the Detroit giants is still working on a V-8 motor for three of its makes which currently use Straight-Eights. . . You have heard a lot about relining brake shoes without the benefit of rivets but it is now in actual practice in the service departments of several hundred tire dealers.

Mechanic Joe Speaking:

"What to do with an alligator hood spring that rattles is a little like trying to fix a refrigerator light. When the door, or hood, is closed you can't see what goes on inside. Usually these springs are so heavy you can't easily stretch and cut them shorter. You can't wedge pieces of rubber between the coils because as soon as the hood opens wide the coils are stretched and the rubber falls out. So I think you'll be interested to know how one of these annoying coils can be kept quiet.

"Just cut a piece of old garden hose a little shorter than the coil when it is compressed. Slit the hosing and then slip it over the spring. Your rattle and vibration will be gone."

Sympathy For Synthetics

When you equip the car with a new set of synthetic tires be sure to follow the dealer's instructions carefully. He will doubtless advise keeping road speeds down for the first two thousand miles until the sidewalls have had a chance to limber up. Synthetic rubber isn't as elastic as natural which is why tire companies hope to make sidewalls exclusively of natural rubber soon. Care should be exercised in installing the tubes, for a wrinkle won't do. Use tire powder freely. If the tube is punctured don't try to use a cold patch. Only a hot patch will do the job. Keep pressures up. Synthetic tubes leak air less freely so you have an advantage there.

"Prone" Periods Hazardous

Perhaps you have noticed that when you indulge in one of those "close calls" while driving you are likely to have one or two more within a short time. This indicates that you are temporarily accident prone. While the situations may seem to differ widely as you go along almost having accidents usually the causes are the same. And usually they can be rolled into one error—impatience.

I watched one driver the other day almost take off my front bumper as I came out of the driveway. He

Riding With Russell

(Continued from Page Four)

was passing another car on a hill and had cut way over to my side of the road. Just a short distance beyond, while he was passing a second car, he had to ut back into line just in time to avoid a head-on collision with an approaching car.

Keep These In Mind

If the engine is running a bit on the rough side, shaking excessively during idling and when speed is changed, better watch out for the ignition wires. They will shake loose more readily.

Tetraethyl lead does not settle out in the gas tank or in the carburetor bowl as some motorists suppose. It mixes completely with the gasoline.

The cooling system of your car is something of a storage battery, due to the presence of acids in solution and the different metals in the system. This sets up an electrolytic action which is corrosive.

"Oldsters" Need Help

Now that the instruction of newcomers awheel is well under way throughout the country what's wrong with some refresher courses for the oldsters? I watched a man of sixty trying to park his car the other day and realized with a jolt that while he had been getting by for many years he really didn't know the first thing about the job. Every time he tried to back into the space he cut the front wheels the wrong way. Many so-called experienced drivers have developed some highly hazardout habits awheel. They have not profited by their years of sitting behind the wheel; rather the process has dulled their wits and pushed them into some unhappy ruts. Safety programs will miss their mark in the next few years if they fail to include some higher education for this sizable group. In fact, there's some reason to believe the group could profit by looking over the beginner's shoulder.

Most short circuits are located near the units which the current feeds. So when you are faced with such trouble always start looking around at the electrical units first for they usually are fairly well exposed.

If the car acts sluggish and a check-up reveals that the ignition timing is sufficiently far advanced you probably have trouble with the exhaust system. Look for a clogged or pinched tail pipe.

Q. Often when I am slowing down for a traffic light, and the car is still coasting along, the engine threatens to stall. Sometimes I am able to get it into action again by pumping on the accelerator. So far no one has been able to remedy this. It could be dangerous. W. H. S.

A. The engine is idling too slowly. Also it may be inclined to overheat just enough to cause it to choke up when idling.

Q. Although I followed instructions carefully when installing a on my car I do not get any betrelay for the new sealed beam lights

Put yourself on EASY Street

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

THESE DO IT
— four big-but-gentle coil springs permit each wheel to "step over" bumps as it reaches them. It is this independent action of each wheel that gives Buick its matchless buoyancy on any and all roads.

SKIP styling for a moment – it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance – with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road.

What else has the trim Buick got that others can't quite come up to?

You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a *ride* – a smooth, level, easy stride that makes you think of a canoe drifting in quiet waters.

One reason: It was Buick that first introduced the American public to soft, gentle *coil* springing on all four wheels.

It was Buick that first made it possible for *each wheel* to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed.

Buick's coil springs keep their gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

The net of it all is that you put yourself on Easy Street when you seat yourself in a Buick. You make every road a better road – every ride an adventure in smooth and buoyant comfort.

Why not drop in and learn more? Whether you have a car to trade or want to talk on a "clean deal" basis, you'll always find a warm welcome here.

Wool Growers' Co-op Gives Wool Pool Bid

The Cumberland Cooperative Wool Growers have awarded the bid for their 1947 wool pool to Hirsch Brothers, Cumberland, Maryland.

The pool, which will include wool growers from Adams, Cumberland, Dauphin, Perry and York counties, will be conducted at the Pennsylvania Railroad station, Carlisle, next Thursday, between 6:30 a. m. and 4:00 p. m. DST. All wool must be brought to that location during those hours.

The pool will pay the following prices per pound to producers: quarters and three-eighths, 42 cents; low quarters and braid, 35 cents; rejections and fine wool, 32 cents. A deduction of one cent a pound will be made from the above prices for wool brought in loose. Wool tied with binder twine will be classed as rejections. The directors cautioned producers that all wool brought to the pool must be free of excess moisture. The pool is open to every producer who has wool to sell.

New Oxford

New Oxford.—Green Ridge school near here was closed for the summer vacation on Monday. Miss Ruth Deatrick, near East Berlin, is the teacher. This is the latest date within recent years that the school has been closed, but inclement weather last winter had caused several days to be lost.

Preparations are being made for the marriage of Miss Joyce Elaine Wiley, near East Barlin, who will shortly become the bride of Gordon Burgard Wolf, only son of Mr. and Mrs. Norman Wolf, near town, who has spent several months in the navy. The prospective bride and bridegroom are both members of the 1946 class of the East Barlin high school.

Miss Rena M. Bower, a student nurse at the University of Pennsylvania hospital, Philadelphia, is expected home later this month to spend a vacation with her mother, Mrs. Goldie M. Bower.

Blaine W. Miller, who returned from overseas with his honorable discharge from the army earlier this year, and who recently attained his pharmacist's license, will be married shortly to Miss Ruth Knaub, York. He now has a pharmacist's position in that city.

The Rev. Robert D. Hartnett, pastor of St. Mary's Catholic church, has announced that, beginning Sunday, June 8, the later mass will also be a low mass, effective throughout the summer months.

Miss Kathleen P. Swain, daughter of Mrs. Harry Swain, who was severely injured in an auto accident a year ago and who has spent most of her time in a wheelchair since returning home in December from the Hanover hospital, is now able to be about with crutches for short distances. Miss Swain suffered fractures of both legs and other injuries in the accident in which her sister Geraldine and eight others were involved.

First Friday was observed June 6 in St. Mary's Catholic church with mass at 7:30 a. m. and a Holy Hour beginning at 7:30 p. m., in charge of the Rev Robert D. Hartnett, pastor. The graduating eighth grade attended the mass in a body.

Paul F. Staub is now operating his shoe repair business which he recently opened in the Hanover street property formerly used as an office by W. Kohler.

The Holy Name Society of St. Mary's Catholic church will attend the 7:30 mass in a body Sunday morning and receive Holy Communion. After the services, they will meet in the psychical hall for a Communion breakfast. The men followed the same program on their June Holy Name Sunday last year.

George W. Dunstan, near town, was guest soloist on Sunday evening at the Memorial Service in Emory Methodist church. Mr. Dunstan's selection was "There Is No Death!"

Mrs. Horace Bamberg, the former Miss Peggy Myers, who with her young daughter has been spending some time with her father, John Myers, received word early this week that her husband, with the Air Corps in Arizona, has received another commission.

York Springs

York Springs.—Mr. and Mrs. John E. Harlacher, of near La Mesa, N. M., have been visiting relatives in this section and surrounding communities.

Marsden Gardner, Philadelphia, earlier of this section, has been a surgical patient at the Hahnemann hospital in his home city and is reported in a favorable condition.

Among those who recently served at the Brethren Relief Center, New Windsor, Md., to prepare donated clothing, etc., for shipment to European war victims, were Mrs. Roy Pifer and Miss Alice Pifer, near here.

William Warner, who has been residing on the A. B. C. Williams farm, is preparing to leave shortly to reside with his son in Waynesboro.

Sgt. and Mrs. Charles Middleton, Jr., are making their home for an indefinite time at Pine Grove with the Rev. Lester Utz, a former local clergyman, and his family. The reason for this stay is the shortage of suitable quarters in the Reading area where the sergeant has been stationed.

Says Youth Must Master The Atom

Lansdowne, Pa., June 7 (AP)—Lord Inverchapel, British ambassador to the United States, says the generation now being graduated from high schools must master "pitiless science" or civilization may be destroyed by atomic energy "in the hands of fools or knaves."

Inverchapel, speaking at commencement exercises in Lansdowne high school last night, told members of the graduating class they would "have no future" unless mankind throttled atomic energy.

"The fate of mankind will soon lie in those hands of yours. They must be supple and sensitive hands. Use them faithfully and wisely. Keep them strong and the future will be yours. Let them flinch, let them play over trivial things, let them wander from their duty—their fierce duty—and you will have no future," the ambassador said.

Inverchapel was invited to speak at the school's commencement exercises by Robert E. Berry, 17, who met the British ambassador at a Foreign Policy Association meeting here last January.

East Berlin

East Berlin—Mrs. Raymond Boyd Nell, Sr., Huntington, Ind., who has been spending several weeks at her summer home, "Nell Manor," near town, was joined recently by her husband, Dr. Nell, who has completed his year's work on the faculty of Huntington university.

The recently graduated members of the class of the local high school were reunited during the past week when they met to take a bus trip to Hershey where they spent the day.

Miss Dorothy Mae Resser, who was among the graduates of the local high school on May 23, has accepted a position in the office of the Penn Wood Heel company to replace Miss Marguerite G. Duncan who recently moved to Dallastown with her family.

Mr. and Mrs. Carl J. Kepner, York, were guests during the week at the home of her parents, Mr. and Mrs. Lester W. Wagner, and family. Mrs. Kepner, before her marriage during the winter, was Miss Edna M. Wagner.

Wilson Streightiff, son of Mrs. Hectors .FsasflysOFu Hester E. Streightiff, has completed his year's work as a student at Shippensburg State Teachers' college and has been visiting at his home.

Among week-end visitors at the home of Mr. and Mrs. Cleason E. Smith were their daughter, Mrs. Fred V. Baker, with Prof. Baker and their sons, Michael and William, Rahway, N. J.

Miss Faye L. Krout has been visiting her parents, Mr. and Mrs. Conrad D. Krout, having concluded her term's work at the Lebanon Valley Conservatory of Music, Annville.

Miss Faye Sheffer, daughter of Mr. and Mrs. Stewart E. Sheffer, a student nurse at the York hospital, has arrived to spend the summer at her home.

Miss Janet Altland was a recent visitor in Carlisle.

Miss Ruth L. Wagner, a daughter of Mr. and Mrs. Lester W. Wagner, has accepted a position in York. She was graduated May 23 from the local high school.

Miss Peggy Ann Moul, daughter of Mr. and Mrs. George W. Moul, was treated by a physician during the week for a severe case of sunburn suffered while on the class trip of the 1947 class of the local high school.

Mrs. Eugene G. Duncan and son, Gary, of York, were visitors during the week at the home of her parents, Mr. and Mrs. Otis C. Livingston, Sr., near town.

A large number of local young people were among guests at the home of Mr. and Mrs. Archie Leib, Abbottstown, during the past week when they entertained in celebration of the sixteenth birthday of their son, Robert.

The class of 1948 of the East Berlin high school spent a day together at Hershey during the past week, making the trip by Adams Transit bus.

Mr. and Mrs. William E. Farrence, Spring Grove, recently observed their 50th wedding anniversary. Mr. and Mrs. Farrence are former residents of this section. The couple marked the anniversary with a gathering at the cottage of Mr. and Mrs. Earl Farrence in the Pigeon Hills.

To Ask Bail For Man Who Wounded Wife

Norristown, Pa., June 7 (AP)—John E. Flynn, attorney for Abijan H. Stephens, 60, held in Montgomery county prison on a charge of aggravated assault and battery with intent to kill his wife, says he is going into court today to ask Stephens' release on bail.

Mrs. Mathilde Stephens, 45, was shot three times on the street Thursday near her Lansdale home. Physicians at Elm Terrace hospital, Landale, said they will determine soon whether to try to remove the remaining bullet lodged high on Mrs. Stephens' neck near the base of the brain. They removed two bullets from her chest Thursday.

Police quoted Mrs. Stephens as saying her husband shot her after she refused to talk with him about a divorce. They said the Stephens, who have three children, have been separated ten years.

Duff Will Address Pa. Lions Session

Harrisburg, June 7 (AP)—Lions club members from throughout the commonwealth, attending the annual state convention here, divided into district units today to elect new governors and counsellors.

Delegates voted yesterday to increase the state districts from five to eight. At the same time, Joseph W. Spangler, of Chambersburg, retiring governor of District 14-C, was nominated as international counsellor.

More than 1,400 delegates and their wives are attending the three-day meeting which closes tonight with an address scheduled by Gov. James H. Duff.

Mississippi expects to double its pre-war $120,000,000 tourist business in 1947-48.

Chapter 18

Rush had hardly replaced the phone when it rang again. It was Robin.

"Smoky says you might need a front for last night," he said.

"That isn't all. I just remembered I had a blank space in my diary at the time Marr was shot. Cover me for both of them, will you?"

"Sure. Where were we?"

"I met you just outside Pedrick's apartment house the night Marr was gunned and you rode downtown with me. We had business to talk over. I'm covered after that. Last night you waited for me outside Gay Wimberly's' apartment and rode downtown with me. More business."

"What was that time last night?"

"From about one-thirty to two-thirty. We talked a lot."

"That's good. I'm clear for those times. I wasn't with anybody who could make a liar of me. Consider yourself alibied."

Rush ate a fast breakfast and went to the offices of the "Chronicle." He had business with Bill Prime and he wanted a word with Pedrick. He found Pedrick in his office, going over a batch of copy.

"What are the wild winds whispering about our Mr. Sully and his sudden demise?" asked Rush.

"It's a strang thing about that," said Pedrick. "My sources are all dried up. It isn't that they won't talk, it's that they don't know anything to talk about."

"My sources," said Rush calmly appropriating Smoky's cop, "say that the law doesn't know anything either. I'm told that the city department of police is so out of date that they don't have a ballistics man capable to comparing the bullets that killed Sully with those that killed Marr. The voters should know that."

"I'll give the angle a play tonight."

"Say," said Rush. "There is something else. I have to talk to Bill Prime first, but if I sell him on a deal I'd like to use you and your car tonight. Kit and hers too if possible."

"I think I can arrange it. What've you got in mind?"

"I'll let you know after I talk to Prime."

Rush left Pedrick's office, and walked through the city room to Prime's office. The white-haired editor was dictating. He waved Rush to a seat while he finished then dismissed his secretary and turned to face Rush.

"Now what's on your mind today?"

"I have a chore I want you to do as privately as possible."

"Anything within reason. What have you dreamed up now?"

Rush leaned across the desk and took a scratch pad and a pencil. As he spoke he sketched rapidly on the pad.

"I want a thousand posters about twelve by eighteen printed by ten-thirty tonight. I want something like this on them." He shoved the scratch pad across to Prime. It read as follows:

DO YOU KNOW WHAT IS HAPPENING IN YOUR CITY?

The MACHINE which controls your city is beginning to break up.

The men who run the machine are at war with each other.

Outside gangsters are 'chiseling in.'

THE WORST IS YET TO COME!!

There will be more shooting, more blood shed, more violence.

"I want that set in as startling type as you can make it. I want to focus attention on what's going on in Forge City and you can't do that in the paper without trouble. It'll start people talking and that's the only way you can win elections."

Prime nodded slowly.

"It's a good idea," he said. "I'd hate to get caught printing the things but I'll do it. I'll run them off myself on an old hand press we never use anymore. The pressroom will be empty after eight and I can get them out in an hour or so."

"Okay. I'll pick them up myself at ten." Rush grinned. "I've got four men of my own in town and I'm borrowing several cars. Pedrick will help me. We'll start after everybody's in bed and plaster them all over the residential district. It shouldn't take over three or four hours."

"Okay. Drive up to the rear entrance and I'll hand them out to you."

"There'll be another little act going on about the same time or just afterwards. Keep your ears open and give it a play."

"Should I have a man anywhere?"

"No, it might leak. You'll get it soon enough anyway. It'll just point up the other story."

"I'll keep an eye open and I'll cover the poster story myself. I'll treat it editorially. It should be fun."

White-Collar Case Headed For Courts

Pittsburgh, June 7 (AP) — Peacemaking efforts took on new vigor today in the work stoppage which has closed the Swissvale plant of the Union Switch and Signal company after the Allegheny County court scheduled an injunction hearing Monday, provided the dispute over union recognition remains unsettled.

About 250 white collar employes, members of the CIO-United Electrical Workers, stopped work Thursday in support of demands that their union local be given collective bargaining rights. The picket lines idled about 2,500 production employes, who are represented by another local of the same union, and brought the plant's operations to a standstill.

Judge William H. McNaugher scheduled the hearing on a preliminary injunction sought by the firm to prevent mass picketing. Following a conference yesterday with the judge by attorneys for both sides, the union agreed to refrain from attempts to stop persons entering or leaving the plant and also agreed to limit pickets to 10 at main gates and six at smaller gates.

NELSON FOX RETURNS

Cleveland, June 7 (AP) — Nelson Fox, 19-year-old infielder who has been in the army, has rejoined the Philadelphia Athletics.

Manager Connie Mack, pulling for Fox to make good, said the A's are dangerously low in reserves and there's no prospect of procuring anyone from the other clubs in the major leagues. Fox joined the A's in Chicago before the squad came here yesterday. He traveled alone from his St. Thomas, Pa., home.

7:30 o'clock mass. Children of the school received Holy Communion in observance of First Friday during the Mass. Rev. John H. Weber, pastor spoke on the theme "By Their Fruits Ye Shall Know Them."

He awarded diplomas for having completed their eighth year to the following: Gerald Richards, James Shanefelter, Edward Collins, Joseph Kebil, James Myers, Jerome Shultz, Cathaleen Cochran, Dolores Kress, Theresa Shultz and Janet Shildt.

Award Medals

The American Legion medals, given annually by the Ocker-Snyder Post, No. 321, Littlestown, were awarded to James Myers and Theresa Shultz.

The Bishop's certificate for perfect attendance was given to Eugene Collins, Vivian Sneeringer, and Josephine Weaver.

Friday afternoon, Father Weber was host to the children of the school at their annual party held in St. Aloysius' hall. Refreshments were served to the children.

Riding With Russel

(Continued from Page 5)

ter lighting than before. What's wrong? H. H. B.

A. You may have cut into the lighting circuit too far away from the lights. Also perhaps the sealed beam lamps were delivering their full candlepower anyway.

Q. There has developed a peculiar condition in the oiling system of my car. Every once in awhile the oil pressure drops intermittently. The crankcase is kept properly filled at all times and the whole system has been cleaned out. Thus the oil pump screen can't be clogged. Have you ever had a similar condition? Wm. L. T.

A. Yes, and in this case it was found that the drive for the pump was slipping.

Q. I am starting to get a lot of backfiring through the carburetor when climbing hills. This is something new to me. On level ground everything is all right. Car has been driven 55,000 miles and needs a ring job. Would a new carburetor help? I have enriched the idling mixture but this doesn't seem to make any difference. E. K. G.

A. Are you using very hot spark plugs in order to prevent their failure through oil pumping? If so, they are preigniting the mixture and causing backfiring when heated up on hills. You had better go back to the next cooler type until the engine can be overhauled.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern street, Hartford, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

age totalled $500.

Miss Dunne paid a fine and costs before Justice of the Peace Robert P. Snyder here after pleading guilty to a charge of failing to yield one-half the highway brought by the state policeman who investigated.

Defective brakes were believed by police to have been the cause of the accident near Cross Keys. Fidler was following a car carrier, according to police, and pulled out slightly into the opposite lane to see if it would be possible to pass. When he saw Reachard approaching from the south Fidler applied his brakes in order to get back into his proper lane. The brakes, police said, grabbed and caused Fidler's car to skid to the left, into the side of the Reachard car.

Damage totalled $250. The accident occurred at 6:25 o'clock Friday evening. Investigation is being continued.

NEW GARAGE

building. The trucks will be able to enter on one side and leave by the other without uncoupling the trailers.

Another feature of the garage will be the new twin post type lifts for servicing vehicles. The lifts will eliminate the necessity for a mechanic to lie on his back beneath a car or truck.

Sells Present Garage

Mr. Bream, Chrysler and Plymouth dealer, sold his present garage at 204 Chambersburg street. It will be turned into an auto parts store and machine shop by Sheaffer Brothers of Carlisle. The new owners are expected to take possession January 1. Remodeling will begin in the near future.

Mr. Bream announced that he plans to construct several homes along Sixth street and on a new semi-circular street to be laid out east of Sixth street. He said both the garage and sub-division developments carry out plans he has had in mind for several years.

MONDAY, TUESDAY

Warner Bros.' stirring story of the high seas, "The Sea Wolf," starring Edward G. Robinson, Ida Lupino, John Garfield and Barry Fitzgerald, comes to the Majestic Theatre Monday for a local return engagement. In addition to the quartet of stars, the film also boasts an impressive cast of featured players including Alexander Knox, Gene Lockhart, Stanley Ridges and David Bruce.

Errol Flynn, swash-buckling hero of many thrilling screen adventures, stars in Warner Bros.' "The Sea Hawk," thrilling saga of the seven seas, which also opens Monday for a special return showing. The film also features Claude Rains, Brenda Marshall, Alan Hale, Flora Robson, Donald Crisp and William Lundigan, with a supporting cast of thousands.

WEDNESDAY, THURSDAY

Lyrics to several Rimsky-Korsakoff compositions will be heard for the first time in Universal-International's "Song of Scheherazade," coming Wednesday to the Majestic theatre.

Charles Kullman, Metropolitan Opera tenor, who appears in support of Yvonne De Carlo, Brian Donlevy and Jean Pierre Aumont in the romantic musical film, will sing several of the Russian composer's tuneful numbers for which lyrics were prepared by Jack Brooks.

"Song of Scheherazade," a picturesque Moroccan adventure of Rimsky-Korsakoff's midshipman days, was photographed in technicolor.

FRIDAY, SATURDAY

Spencer Tracy and Katharine Hepburn co-star for the fourth time in "The Sea of Grass."

Magnificently photographed and beautifully enacted by a cast which includes Spencer Tracy, Katharine Hepburn, Robert Walker and Melvyn Douglas, M-G-M's "The Sea of Grass" comes to the Majestic screen as one of the year's most distinguished dramatic hits.

Based on Conrad Richter's widely-read novel of the great land rush into New Mexico at the turn of the century, the story centers on Col. Jim Brewton, pioneer cattle baron who has given his life's blood to open up the cattle country and who is determined to keep out the onsurging homesteaders who will destroy his beloved "sea of grass." His implacable enemy is Brice Chamberlain, altruistic lawyer who represents the claims of the home seekers.

porary part-time workers that have been trained from time to time and are no longer available.

Contributions from county school districts are coming in well, Miss Oller said. She stated that sums already paid or promised now exceed $500. In the last month Highland township gave $20; Mt. Joy township, $40, and Huntington township, $20. East Berlin has promised $50 and Hamilton township, $20, she said.

Announces $250 Gift

Miss Oller also announced the donation of $250 to the library by the Orrtanna Canning company.

The first payment on the 1947 appropriation of $2,500 by the state to the county library was received in May and amounted to $1,041.67. The remainder will be paid later in the year. Membership dues paid into the association so far this year total $2,053.50, the board was told.

The board approved the appointment of Donald P. McPherson, Jr., as chairman of the annual drive for members in the association for 1948. The campaign will be launched in the fall. Mrs. Ellen Tipton Buehler was named chairman for Gettysburg and additional members will be added by Mr. McPherson and Miss Oller to represent other parts of the county.

John H. Knickerbocker, Gettysburg, was named chairman of a committee to arrange for special local observance of National Book Week next fall. That committe also will be made county-wide.

The board accepted "with deep regret" the resignation of Howard Y. Musselman, Orrtanna, as a member of the board. The vacancy is expected to be filled at the July meeting.

Miss Oller announced that the Public Library Demonstration bill now is given a "very good" chance of passing the U. S. Senate where it may be voted upon next week. House action remains to be taken but the outlook there also is favorable, the librarian reported.

President O. H. Benson presided at the meeting.
